Section 1: Enrollment Windows and Qualifying Life Events

1.1 Open Enrollment

Open enrollment runs from November 1 to November 15 each year. Changes made during open enrollment start on January 1.

1.2 Qualifying Life Events (QLE)

Outside open enrollment, an employee may change coverage only after a qualifying life event.

- (a) Qualifying events are: marriage, divorce, birth or adoption of a child, and loss of other coverage.
- (b) The employee has thirty (30) calendar days from the event to enroll or change coverage.
- (c) If the thirty (30) day window is missed, the employee must wait until the next open enrollment unless another qualifying event happens.

1.3 Birth or Adoption of a Child

A new child may be added within thirty (30) days of the birth or adoption.

- (a) Coverage is retroactive to the date of birth or adoption.
- (b) A copy of the birth certificate or adoption papers must be provided within sixty (60) days of the event.
- (c) The employee may also change their coverage tier at the same time.

1.4 Marriage

A new spouse may be added within thirty (30) days of the marriage.

- (a) Coverage starts on the first day of the month after the request is approved.
- (b) A copy of the marriage certificate is required.
- (c) A spouse with other employer coverage may still be added, but the plan may pay second.

Section 2: Coverage Tiers, Premiums and Carrier Updates

2.1 Coverage Tiers and Sample Premiums

Premiums are deducted per semi-monthly pay period. Sample amounts for the Standard Health Plan:

- (a) Employee only: \$68.00
- (b) Employee plus spouse: \$131.00
- (c) Employee plus child(ren): \$118.00
- (d) Family: \$182.00

2.2 Premium Changes

When a coverage tier changes, the new premium starts on the first payroll after the change is approved. If coverage is retroactive, payroll catches up the missed premium over up to three (3) pay periods.

2.3 Carrier Notification

The benefits administrator must send the approved change to the insurance carrier within five (5) business days.

The employee receives a confirmation notice and a new insurance card by mail.

2.4 Recording Changes in ADP

All qualifying life events and enrollment changes must be recorded through the ADP Benefits Administration integration. The record triggers the premium change in payroll.
